**Eldorado***by Edgar Allan Poe*

Gaily bedight,  
A gallant knight,  
In sunshine and in shadow,  
Had journeyed long,  
Singing a song,

But he grew old-  
This knight so bold-  
And o'er his heart a shadow  
Fell as he found  
No spot of ground  
That looked like Eldorado.

And, as his strength  
Failed him at length,  
He met a pilgrim shadow-  
'Shadow,' said he,  
'Where can it be-  
This land of Eldorado?'

Over the Mountains'  
Of the Moon,  
Down the Valley of the Shadow,  
Ride, boldly ride,"  
The shade replied-  
'If you seek for Eldorado!'

**Edgar Allan Poe (1809-1849) \***

This 18<sup>th</sup> volume No.2 presents actual papers on main topics of Journal specialization, namely, **Nanoscience and Nanotechnologies. Fundamental Nature Phenomena, Mathematical and Computer Modelling, Information and Computer Technologies, Operation Research and Decision Making and Innovative Education.**

Our journal policy is directed on the fundamental and applied sciences researches, which are the basement of a full-scale modelling in practice. This edition is the continuation of our publishing activities. We hope our journal will be interesting for research community, and we are open for collaboration both in research and publishing. We hope that journal's contributors will consider the collaboration with the Editorial Board as useful and constructive.

**EDITORS**

**Yuri Shunin**

**Igor Kabashkin**

\* **Edgar Allan Poe** (19 January 1809 - 7 October 1849 / Boston) was an American author, poet, editor and literary critic, considered part of the American Romantic Movement. Best known for his tales of mystery and the macabre, Poe was one of the earliest American practitioners of the short story and is considered the inventor of the detective fiction genre. He is further credited with contributing to the emerging genre of science fiction.
